Retouching

All of our packages include retouching to make sure you look your best.

Payment & Delivery

Payment for your package should be made at the time of the pictures. If you need to mail payment, fill out this form and mail it with payment to our studio. Check, Cash or Credit Card is accepted at the time of the shoot, please do not mail cash. Make checks out to **Micheal Hall Photography**. All orders will be shipped directly to your address.

Classic vs. Metallic Finishes

Our team photographs are offered in two different finishes. One is our Classic finish, which is the same high quality, photographic finish we have always offered. This is a lustre (or semi-gloss) finish with beautiful color and tonality.

Our Metallic finish has a high gloss finish, enhanced contrast and color saturation compared to the Classic finish. The paper base has a special reflective quality that gives the print a metallic sheen. Additionally, when ordering the Metallic finish, the largest team collage in your package will come as a mounted print, further enhancing its presentation and making it very easy to display.

See the difference for yourself — make sure you view our samples the day of the team pictures!
